▶ PROTECTS YOUR SMILE.

A dental plan encourages routine cleanings and checkups at the dentist so you can protect your teeth for a lifetime. A healthy smile helps everyone feel more confident.

▶ PREVENTS OTHER HEALTH ISSUES.

Just annual preventive care alone can help prevent other health issues such as heart disease and diabetes.¹ Many plans offer low copayment amounts for preventive services to make it easy for you to use your dental benefits.

▶ LOWERS OUT-OF-POCKET EXPENSES.

No maximums, no deductibles, no waiting periods and fixed copayment amounts keep your out-of-pocket expenses down. Benefits are even payable for pre-existing dental conditions within the copayment schedule.

Your employer is offering you a choice of three dental plans. Please review the information for this plan as well as the Basic plan and Enhanced plan. Then, choose the one plan that best fits your needs.

DENTAL FAST FACTS

Frequently asked questions

How does a Prepaid plan work?

This plan gives you and your family access to a range of dental services from in-network providers at fixed copayment amounts. A copayment is the set fee that you pay to the plan dentist at the time of treatment for covered services that are being performed. To receive services at these fixed rates, you must use a network provider.

How do I find a dentist?

Simply visit www.sunlife.com/findadentist. Follow the prompts to find a dentist in your area who participates in the Heritage network. You can also call 800-443-2995 for help finding a dentist.

Do I have to choose a dentist in the network?

Yes. To receive the fixed copayment amounts you must visit a dentist in the network and you must select the dentist in advance. Each family member may choose a different plan dentist.

Are my dependents eligible for coverage?

Yes. Your plan offers coverage for your spouse³ and dependent children. An eligible child is defined as a child to age 19.⁴

What features does my plan include?

- No annual dollar maximums for plan dentists and plan specialists
- No deductibles
- No waiting periods
- Benefits are payable for pre-existing dental conditions within the copayment schedule
- Extensive provider network updated regularly

How will the plan dentist know I am a patient?

The plan dentist receives a patient listing, called a roster, from Sun Life each month that includes all members who have chosen those individuals as their dentist. Please confirm at the time of making your appointment with the plan dentist that you are on their roster.

Do I have to file the claim?

No. You will not need to file a claim for a plan dentist or plan specialist.

If I have a dental emergency, do I need to see my plan dentist?

First, contact your plan dentist to make an appointment. If your plan dentist is unable to see you, you may seek treatment from any licensed dentist in the United States. Please be informed that the emergency benefit of your plan is limited to the temporary relief of pain and has limited benefits.

How can I get more information about my coverage, change my assigned dentist or find my dental ID card?

After the effective date of your coverage, you can view benefit information online at your convenience through your Sun Life account. To create an account go to www.sunlife.com/account and register. You can also access this information from our mobile app – *Benefit Tools*, which is available for Apple and Android devices. Or you can call Sun Life's Dental Customer Service at 800-443-2995. You can also call any time, day or night, to access our automated system and get answers to common questions when it's convenient for you.

FIND A PLAN SPECIALIST

You will find a list of plan specialists by looking in the plan network directory, visiting www.sunlife.com/findadentist or calling 800-443-2995 for assistance. No referrals are necessary from your plan dentist to seek treatment from a plan specialist.

Important information

For the prepaid dental plan, you must meet the eligibility requirements set forth by your employer. Your effective date will be determined by your Group Dental Service Agreement and Evidence of Coverage. Refer to these plan documents for details.

Limitations and exclusions

The below exclusions and limitations may vary by state law and regulations. This list may not be comprehensive. Please see the Evidence of Coverage or ask your benefits administrator for details.

Prepaid Dental

We will not pay a benefit for any Dental procedure or service not specifically mentioned in the Copayment Schedule (including any hospital or outpatient care facility cost associated with any dental procedures). Except for Emergency Services, services provided by non-Plan Providers are not covered, unless preauthorized by Plan. Any dental service listed in the Copayment Schedule initiated prior to Member's Effective Date or after the Member's termination is not covered. Failure of the member to follow a prescribed course of dental treatment may result in the need for additional dental services and additional charges may or may not be included within the Copayment Schedule. Fixed or removable prosthetics are subject to a 5 year replacement limitation. Active Orthodontic Treatment is limited to twenty-four (24) consecutive months of continuous treatment and is allowed once per lifetime. Extractions for Orthodontic purposes only are at a 25% discount off of the Plan Provider's normal retail charge. Implants and implant related procedures are not covered.

The prepaid dental Overview is preliminary to the issuance of your plan documents. Refer to your Evidence of Coverage for details. Receipt of this Overview does not constitute approval of coverage. In the event of a discrepancy between this Overview and the Evidence of Coverage, the terms of the Evidence of Coverage will govern. Product offerings may not be available in all states and may vary depending on state laws and regulations.

This plan does not provide coverage for pediatric oral health services that satisfies the requirements for "minimum essential coverage" as defined by The Patient Protection and Affordable Care Act (PPACA).
