

Save up to \$1,170 on commuting expenses this year!

Participating in a transit account is like receiving a 30% discount on mass transit expenses.

How does a transit account work?

A transit account allows you to set aside pre-tax dollars for mass transit expenses associated with your daily commute to work. Choose a monthly election amount, up to **\$325/month**.

Why should I enroll in a transit account?

If you take public transportation to work, you'll want to take advantage of the savings these plans offer.

Money contributed to a transit account is free from federal and most state taxes. On average, participants enjoy a 30% tax savings on their annual contribution, saving up to **\$1,170** per year!

Helpful hints...

- Funds will be made available in your transit account, as deductions are taken each payroll.
- You can change or cancel your election amount at any time.
- Save your receipts. You may need itemized invoices to verify card swipes.
- If your employment terminates, your account will be terminated.
- Any unused funds that remain in your account at the end of the year will be carried over into the next plan year.

Spending your funds

Swipe your Flex Facts debit card to pay for commuting expenses such as the bus, ferry, or metro, as well as ride sharing apps.

Eligible Expenses

- Bus, ferry, train, subway tickets and passes
- Ride sharing apps, such as UberPool, Lyft Line and Via
