Important Notice from Enhance Therapies Healthcare Plan About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with SAMPLE Healthcare Plan and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. **Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
2. **SAMPLE Healthcare Plan has determined that the prescription drug coverage offered by ProAct Rx is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.**

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current SAMPLE Healthcare Plan coverage will not be affected. Your SAMPLE Healthcare Plan coverage will coordinate with your Medicare prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your current SAMPLE Healthcare Plan coverage, be aware that you and your dependents will not be able to get this coverage back until the Plan's next open enrollment period, unless you qualify for a special enrollment.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with SAMPLE Healthcare Plan and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You

may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage…

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through SAMPLE Healthcare Plan changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage…

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

- **Inmates.** If you are an inmate of a correctional facility or under the custody of a law enforcement officer, we may disclose your PHI to the correctional institution or the law enforcement officer.

Generally, we will make every reasonable effort to disclose only the minimum necessary amount of PHI to achieve the purpose of the use or disclosure.

Note: HIV-related information, alcohol and/or substance abuse records, mental health records and other specially protected health information may enjoy certain special confidentiality protections under applicable state and federal law. Any disclosures of these types of records will be subject to these special protections.

Other uses and disclosures of your PHI not covered by this Notice will be made only with your written authorization. In particular, we will obtain your written authorization before (i) using or disclosing psychotherapy notes, except as permitted by law; (ii) using or disclosing your PHI for marketing purposes; and (iii) selling your PHI. If you authorize us to use or disclose your PHI, you may revoke that authorization, in writing, at any time. If you revoke your authorization, we will no longer use your PHI for the reasons covered by your written authorization; however, we will not reverse any uses or disclosures already made in reliance on your prior authorization.

Genetic Information

We will not use or disclose your genetic information for underwriting purposes.

Your Rights With Respect to Protected Health Information

You have the following rights regarding your PHI:

- **Right to Inspect and Copy.** Generally, you may inspect and/or obtain a copy of your PHI for as long as the PHI is kept by or for us. If you request a copy of your PHI, we may charge a reasonable, cost-based fee for the costs of copying, mailing or other supplies associated with your request. If we maintain your PHI electronically, you may request an electronic copy. We may deny your request to inspect and/or obtain a copy of your PHI in very limited circumstances. If we deny your request to inspect and/or obtain a copy of your PHI, you may have a right to have that decision reviewed.
- **Right to Request Amendment.** If you feel that your PHI is inaccurate or incomplete, you have the right to request that we amend it for as long as the PHI is kept by or for us. You must provide a reason that supports your request. We may deny your request for an amendment if it is not in writing or does not include a reason to support the request. We may also deny your request if you ask us to amend information that (i) was not created by us, unless the person or entity that created the PHI is no longer available to make the amendment; (ii) is not part of the PHI kept by or for us; (iii) is not part of the information that you would be permitted to inspect and copy; or (iv) is accurate and complete. If we deny your request for amendment, you have the right to have a statement of disagreement included with the PHI and we have a right to include a rebuttal to your statement, a copy of which will be provided to you.
- **Right to an Accounting of Disclosures.** You have the right to request an “accounting of disclosures.” This is a list of disclosures of your PHI that we have made to others. This list will not include disclosures made for the purpose of treatment, payment, or health care operations, disclosures made to you or other disclosures exempted from the disclosure accounting requirements by the federal rules governing such disclosures. Your request must state a time period, which may not be longer than six years. The first list that you request within a 12 month period will be free of charge. For additional lists, we may charge you for the costs of providing the list. We will notify you of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.
- **Right to Request Restrictions.** You have the right to request a restriction on the PHI we use or disclose about you for treatment, payment, or health care operations. You also have the right to request a restriction on the PHI we disclose about you to someone who is involved in your care or the payment for your care, like a family member or a friend. Your request must state (i) what information you want to restrict; (ii) whether you want to restrict our use, disclosure or both; and (iii) to whom you want the restriction to apply. We are not required to agree to a restriction that you request. If we do agree, we will comply with your request unless the restricted information is needed to provide you with emergency treatment.
- **Right to Request Confidential Communications.** You have the right to request that we communicate with you regarding PHI in a certain way or at a certain location. For example, you may ask that we only contact you at work or by mail. Your request must specify how or where you wish to be contacted. We will accommodate reasonable requests.
- **Right to Be Notified of a Breach.** You have the right to be notified in the event that we (or one of our business associates) discover a breach of your unsecured PHI.
- **Right to Receive a Paper Copy of this Notice.** You have the right to receive a paper copy of this Notice upon request. This right applies even if you have previously agreed to accept this Notice electronically.

You may make any of the requests described above by calling the Plan Administrator at 732-367-3667 or writing to the Plan Administrator at Enhance Therapies Healthcare Plan, 400 NJ 70, Lakewood NJ 08701

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2026. Contact your State for more information on eligibility –

Our group health plan provides coverage for medically necessary mastectomies. If you have had or are going to have a mastectomy, you may be entitled to certain benefits under WHCRA. For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

3. All stages of reconstruction of the breast on which the mastectomy was performed;

4. Surgery and reconstruction of the other breast to produce a symmetrical appearance;

5. Prostheses; and

6. Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles, copayments and coinsurance that apply to other medical and surgical benefits provided under the plan.

If you would like more information on WHCRA benefits, please contact your human resources director or American Plan Administrators at the phone number on your health plan ID card.

NEWBORNS' AND MOTHERS' HEALTH PROTECTION ACT NOTICE

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification (sometimes referred to as preauthorization). For information on precertification, please call us at the toll-free phone number on your health plan ID card.
